**scape, n.** *A view of scenery of any kind, whether consisting of land, water, cloud, or anything else.*

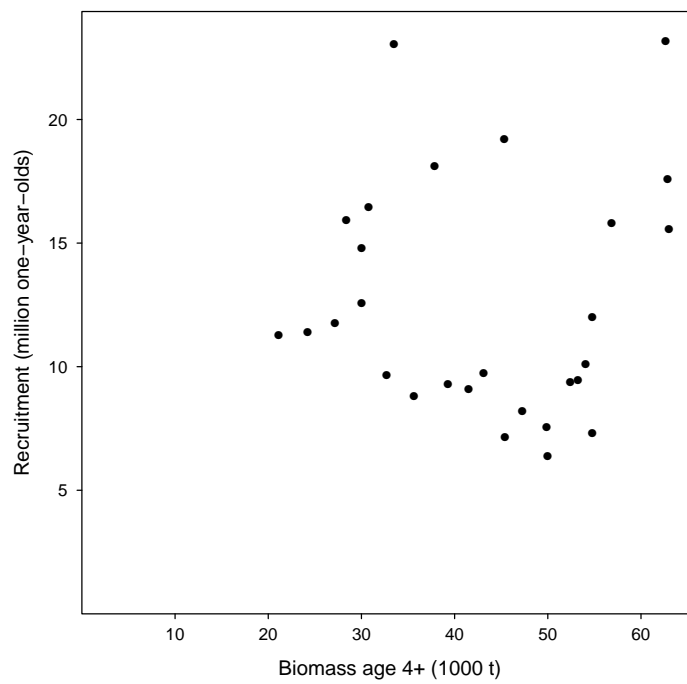

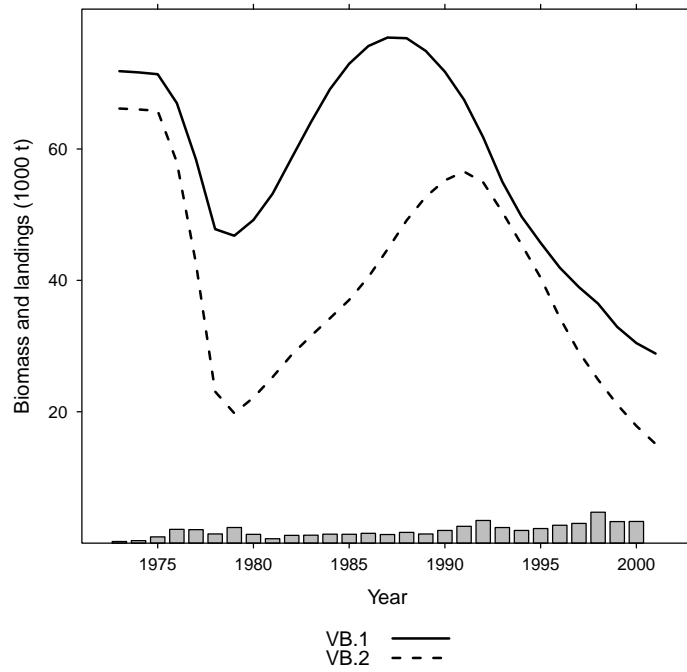

—Oxford English Dictionary

## 1 Overview

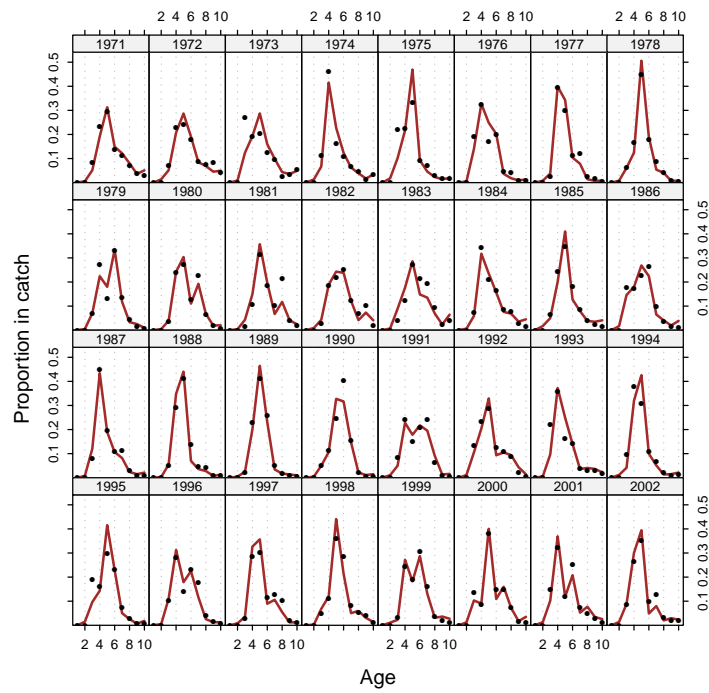

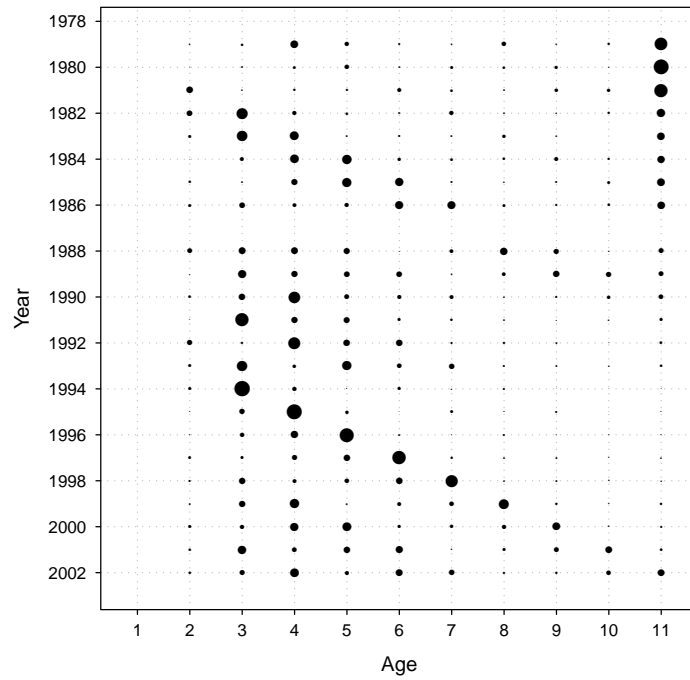

This vignette is only a series of plots, demonstrating how the **scape** plot examples look in a PDF document, as opposed to the default graphics device. Mainly intended for package maintenance.

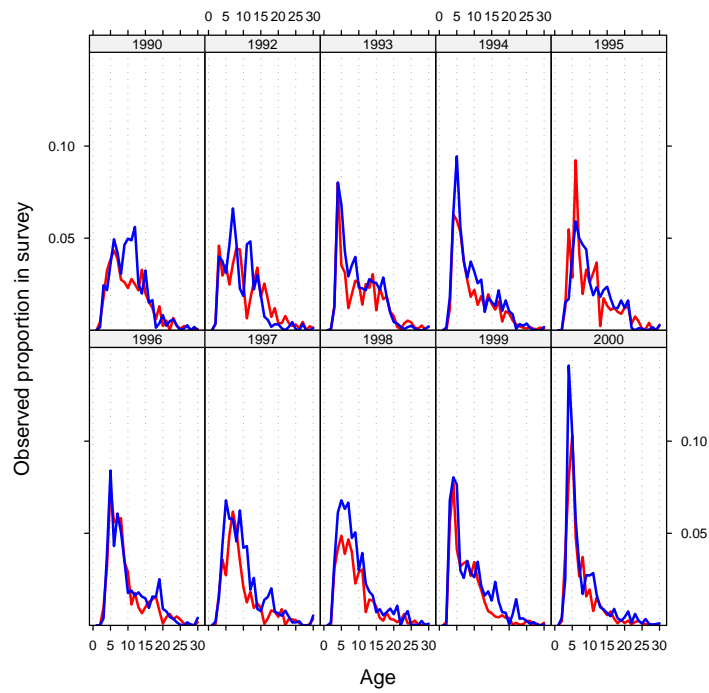

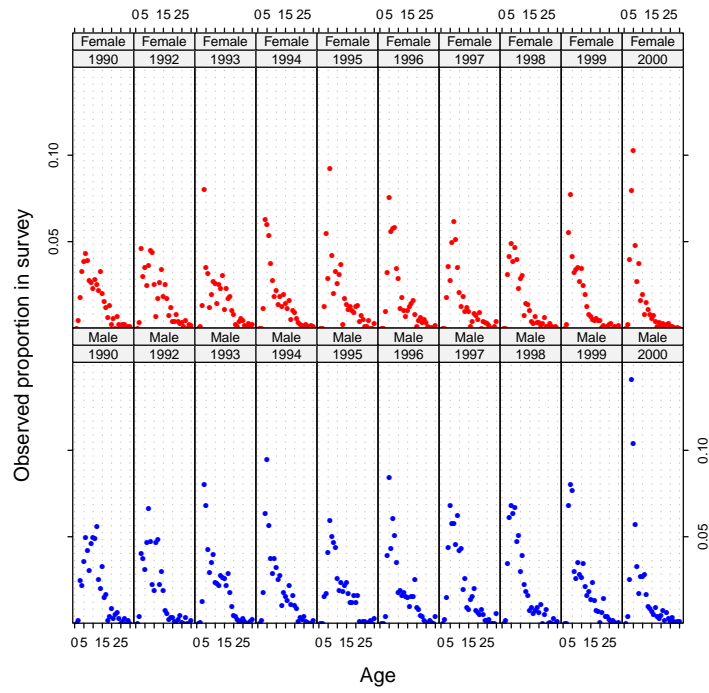

The general introduction to the **scape** and **scapeMCMC** packages is the vignette `R goes fishing`.
