The Swiss Statistical Society will decide after the deadline if the course can be held. The number of participants is limited with a minimum of 16 and a maximum of 20. For applications arriving after the deadline a supplement of SFR 200 will be added. Cancellations of applications are free until the deadline, after the deadline the whole course fee is due. If another participant can be found to replace a cancellation, SFR 200 will be billed for administration procedures. A limited number of places with accomodation in double rooms is reserved for students and assistants.
